Subject: Friday

Hi Jim-

It looks as though I am not going to make it in on Friday as I need to bring my pug to the vet. They open at 8, and I'm hoping they can see him early, but you never know. There is a slim chance that I could make it in after the vet, but I doubt it. If you would please write me in with VAC 7.5hr. on Friday, and VAC .5hr on Wednesday that would be great. Call my cell with any questions. Thanks.

-Sonja

p.s. I know I'm missing the Flu shot - tell Helen I'm sorry for that.
